## Current role

IT Recruitment Consultant  
Set2Recruit, Exeter, UK

## Why did you chose AMBS?

Christiana  
Argaseala  
Class of 2018

- "My decision to apply for this master's course was based on 3 facts:
- AMBS being top 30 in international rankings
  - The course providing the opportunity to become CIPD accredited
  - As a football fan, the possibility to watch Manchester United at home."

"I will always cherish the time spent in Manchester, the people I met and the memories I created. It is a great school for someone pro-active, always eager to learn and to develop "

## How did your time at AMBS help you in your current role?

"The experience at AMBS helped me get my current job. We were required to prepare many individual and group presentations throughout the course, and this was one of the assessments during the interview process.

"Moreover, as I am recruiting people internationally, the course at AMBS provided me with the necessary skills for handling a global workforce with diverse needs and motivations."
